Dear Sir,

Enclosed herewith is a copy of the Minutes of the meeting of our Parliamentary Group held this morning. Herein you will find the text of the amendments which we have submitted jointly with P.S.P., Socialists, and Jan Sangh and also independent of them on behalf of our Party. I may invite your attention to amendments 3 and 4 of p. 1. The two suggestions which you gave last night have been incorporated - instead of "emergency" we have written "national crisis" while "friendly countries" have been substituted by "friendly democratic countries". P.S.P. and other friends had no objection to these changes.

Yours sincerely,

A.P. Jain
