29th May 1962

My dear Narendrasinghji,

I have heard from the Secretary of our Party in U.P. who draws my attention to an article in the Statesman of 22nd May under the caption 'News in Parliament' written about yourself. At the end of that article are the following lines:

'He traces his conversion from Congress ideology to the refusal of the Congress to give his army of Kshatrias an adequate share of tickets. The Swatantra Party on the other hand has made him the Secretary of its group in Parliament'.

Our U.P. Secretary is very concerned about the unfortunate impression that will be created by these remarks attributed to you. Don't you think you will do well to correct it or get the correspondent himself to correct it ?

Yours sincerely,

(M. R. Masani)
