Dear Mr. Masani, *Salut.*

I thank you very much for your kind letter of condolence expressing sympathies with us on the tragic and untimely demise of my brother-in-law S. Basant Singh. He was so young, so capable and promising that this dastardly act of the assassins has dashed down and put an end to the high hopes which the family had been entertaining about his future. We all feel so much relieved on receiving sympathies from our friends, near and dear ones and we are so grateful to you.

Thank you very much again,

Yours sincerely,
