Dear Prof. Ranga,

You will recall that the resolution on the Kerala Land Reforms (Amendment) Act, 1969 adopted by the National Executive of our Party on February 17, states towards the end that the Party's Group in Parliament should oppose inclusion of this Act in the 9th Schedule of the Constitution. I thought I should draw your particular attention to this so that you could issue necessary instructions to our M.P.s if and when this matter comes up before Parliament.

I enclose herewith a note which highlights certain obnoxious features of the Act.

Yours sincerely,

(R.C. Cooper)
General Secretary
