My dear Bhargava:

I had written to you some months back but have not had any reply from you.

I wonder ^{Shri} newspapers in your State reported the revival of our Party at the national level with Mr. G.K. Sundaram, as the President and Mr. Girish Munshi as the General Secretary. We had a meeting of the National Executive in Bombay on 22nd January (I am a member) and it was decided to invite you to the membership of the National Executive and also to request you to take over as Convenor of the Party in Rajasthan. I am sure you will agree to both.

For the present, our major activity will be to co-operate with Shri. Jayaprakash Narayan's movement in the various States. We would also try to re-establish our contacts with more honest persons.

Looking forward to hearing from you and with kind regards,

 Yours sincerely

S. V. Raju
