March 21, 1985

Dear Maharaja Sahab,

I am most grateful to you for your reply of 11th March and your offer to let me have some of your papers.

I am glad to know that you plan to publish some of your major speeches in Parliament. I am sure they will make good reading. As for a good printer and editor in Madras, it may be a good idea if you were to write to Mr. T. Sadasivam (in whose bungalow we used to meet for our National Executive meetings). He still has a Press and published Kalki.

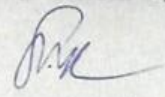

In case Mr. T. Sadasivam is unable to help, please let me know so that I can pursue some other sources. I give below Mr. Sadasivam's address:

I look forward to seeing you in Bombay when you are here next and with kind regards,

Yours sincerely,

Dear Raju,

Thanks for your letter of Feb.28th,85.
I am happy to learn that you are doing Doctorate
on the SWATANTRA PARTY. I will definitely help you
with all the materials I have got with me regarding
the subject, both in Parliament and in the field.
As it will take some time to sort out the papers
you are requested to wait for a month or so. If I
happen to be in Bombay, I will definitely make it
a point to meet you.

I am trying to publish some of my major
speeches in the Parliament. I want some body who
can properly edit it and the name of a good Printer.
As I propose to go to OOTY in the summer, I will
utilise my stay there to compile these speeches.
If you could suggest the name of some-body in
Madras who can do the job of editing and the name
of a good Press who can print it, I will be
grateful. The Book on Palkiwala's speeches has
got an excellent get-up. I want some thing like that

I await a reply from you.

With best wishes
Yours sincerely,

S.V.Raju,
