March 17, 1985

Dear Raju,

It was a pleasant surprise to receive your letter of the 28th February 1985. How well I remember you as the Swatantra Party Executive Secretary at The National Head Quarters for many years.

I note your decision to do a doctorate on the Swatantra Party for the period 1967 to 1974. In this connection I might suggest that you can send your representative to Dungarpur or come over yourself and stay as my guest in the third week of April. Even if I am not in Dungarpur you can contact my Secretary A.M. Patel and he will give you or your representative access to all the papers I have of the Swatantra Party relating to the period you refer. You can take away whatever material

you want and make such use of
it as you wish.

Might I suggest that you may
contact Rajmata Gayatri Devi as
well in this connection. I think
there must be some valuable
record of the party lying with her
somewhere in Jaipur.

With kind regards.

yours sincerely,

Lakshman Singh
