Dear Raju

I am glad to receive your letter after a long time. I thought you were lost in the Gulf countries. How can I forget a dynamic man like you,? you must have by now lost all the rose plant cuttings taken from Bangalore for your terrace Garden in Bombay! Formerly we used to have Swatantra Party M.L.A.s and M.P.s, but now we are going to have a SWATANTRA PARTY DOCTOR. I wish you all success in your attempt in taking a Doctorate in the subject of Swatantra Party.

I will check up if there is any material regarding the party. I can also fill in a questionnaire if you desire so. Please note down my new Bangalore address given below.

With warm regards.

Yours Sincerely,

G. M. GOPAL KRISHNA.
