My dear Raju,

Thank you for your letter of February 22, 1985. I am glad to know that you have decided to do your Doctorate on Swatantra Party for the period from 1967 to 1974.

As I was only a committee member of the party and not an office bearer, I did not have any occasion to keep any specific records. For Parliamentary activities a reference to the respective volumes in Parliament library will be able to throw considerable light on the performance of Swatantra Party members in Parliament.

I will ofcourse always be available for an interview or for any other assistance that may be needed.

With kind regards,

Yours sincerely,

(D.N. PATODIA)
