My dear Gopal Krishna,

I have seen your confidential letter to Mr. Madhu Mehta and I discussed it with Mr. Madhu Mehta before he left on a tour of a couple of districts in U.P.

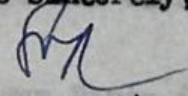

We were both terribly distressed after reading your letter. All I can do is to sympathise with your predicament. Your father till he retired from actual politics was a pillar of strength, but then the old guard has almost gradually vanished and the new gentlemen who are taking over do not appear to be in a position to provide the same kind of inspiration and dedication. With politics itself having reached such a level of degeneration this is not surprising.

I hope you will be able to attend the General Council meeting in Lucknow on December 15 and 16, at which time we shall talk about this and other matters.

Meanwhile I thought you might like to know that I shall be continuing in my present job till the end of December, after which I shall be joining Mr. Masani's firm from 1st January 1974.

With kind regards,

Yours sincerely,

(S. V. Raju)

Mr. G.M. Gopal Krishna
