My dear Mr. Sreenivasan,

Thank you for your letter of 15th December, 1973.

I do not read Mysindia regularly, but we get a copy which goes to Mr. Masani and by the time it comes back from him it is minus a lot of pages. Please send me a copy of your radio talk.

With kind regards,

Yours sincerely,

(S. V. Raju)

My dear Rajiv,

It was good of you to return those documents which would have served no useful purpose after you leave that office. So far as I can see, the Party died with Rajaji. As for the Physicos Party, Ganapathi, the Foolish, has killed it. I heard about the disgraceful swindling of Rs 700/- in Delegate fees, the three suspensions etc. I am delighted to learn that you will be joining Masani's P.P.S. He is a man who can appreciate merit and integrity. I wish you a bright & prosperous future under him.

Do you read "Nyo India" regularly?

If so, did you read, in the issue of
7th October, my Radio talk on
"What Life has ~~taught~~ taught me"?

If not, I shall send you the Cutting
on hearing from you. You can show
it to Masani also.

With best wishes,

Yours sincerely
