My dear Mr. Sreenivasan,

So far as you are concerned I continue to consider you to be a Swatantrite whether you were formally a member or not. Not only that, I have affectionate regards for you. So please don't embarrass me by thanking me for doing the obvious.

Please do not bother to share your literature with Mr. K.H. Srinivasan and Mr. Narayana Reddy. It was terribly remiss of me not to have sent them a set of literature. I am separately sending them a set of ~~literature~~ *of conventions publications*.

Now I would like to bother you with a personal matter. I have a 1969 model Ambassador in excellent condition which I wish to sell or exchange for a Fiat. I understand that the market for Ambassador cars is very good, particularly in the Southern States. I would not mind exchanging my 1969 model Ambassador for a 1967 model Fiat. If you have any contacts in Bangalore who attend to such matters do please spare some time for this. I understand Tourist taxi or luxury taxi companies are on the lookout for well maintained Ambassadors.

With kind regards,

Yours sincerely,

SV

Personal

My dear Raja,

On my return from Kodaikanal, I saw the printed literature that you had very kindly sent to me (and relating to the National Convention held in April at Madras). It was very thoughtful of you to have done so - remembering only my 12 years service to the park. It is true that the State Park can now be compared only to the Congress Park in its lack of a sense of values.

I am sharing the literature with K. H. Srinivasan & Marayana Reddy who ^{will} ~~are~~ also not touch the gaug in control with a barge pole.

Thanking you once again and with best wishes,
Yours sincerely,
K. H. Srinivasan
To Sri S. Raja, Bombay.
