Herein enclosed ~~revised~~ draft minutes,
agenda for G.O.C + G.C. meetings and report
of Organization Sub-committee as settled
by Munshi & me last evening
after sitting over 2 hours.

I recognize the absurdity of
typing or printing the appeal and
distributing it among G.C. members
when we know the long and
scandalous document has already
been circulated among them by
the gentlemen who drafted it.

Now I fear if we want the
correct procedure of a reference
by us to the G.C. we have to
circulate the appeal along
with the Sub-committee's Report.

So let it be done.
Mr. Munshi is justifying
meeting for
immediately in Bombay, Rayammannan
to check up a few

points in the draft as now
revised. He is not quite sure
about a few details recited
in the report. So he will check
them up with you. I thought
however I had better send a copy
of these papers to you at once
by post.

Yours
