11th August 1962

My dear Masani,

I wrote to you on receipt of your last express telegram. I now have your letter of August 9. I have not yet replied to Munshi on the subject. Keep things ready as you say in the last paragraph of your letter of August 9 on the basis that there is no change of the resolution adopted in Madras. But arrange strictly that no leakage occurs and that release should await my instructions by telegram and confirmatory letter. I propose to write to Munshi after some time elapses and when he will be in better health. I shall endeavour to see that the decision is adhered to without any breaking of chords.

Yours sincerely,

C. Rajagopalachari
