My dear Masani,

I have read your long letter to Ramgarh dated December 21. I hope you will not break down under this strain. There is a Herculean task to be done in Madras and you know the main difficulty. Is it possible to give to the Madras the moneys collected by you here. Loganathan says T has given all that could be given. This is unfortunate but that is that.

Yours sincerely,

C. Rajagopalachari
