Mr. Bhalla of New India Assurance Company who is right now in Bihar trying to take possession of the hypothecated jeeps informed me ~~that~~ when we met before he left for Patna of the fact that 2 of the hypothecated jeeps (numbers of which he has promised to let us have on his return to the city) are actually lying in the compound of Thakur Paper Mills in Samastipur owned by Mahesh Babu's son-in-law, Sachdanand Singh (Advocate).

Mr. Bhalla also informs me that people were openly stating that these jeeps were used in the election campaign of Mahesh Babu in the last General Elections.
