Re: the attached letter from
Walchand & Co. Pvt. Ltd

Their representative called on us some time ago and asked for a receipt for Rs 2,500/- they claim to have sent us on May 21, 1963. I regretted that I could not give any receipt as no such cheque was received by us. Neither the books of account, paying-in slips of the bank statements ~~show~~ have any mention of the cheque.

We were all in Rajkot at that time. Mrs Asta Bir and Mr. K. S. Srinivasan were looking after the office during our absence. They say that they do not remember any cheque having been given to them.

Their statement that their cheque was collected by us on June 7 surprises me. Either their cheque may have been intercepted and misused or they should make more detailed enquiries at their own end.
