Resolution adopted by the General Council on May 28, 1966

Resignation of Central & State Cabinets three Months Before the
General Elections

The General Council reiterates the opinion already expressed that the Cabinets at the Centre and in the States should resign three months ahead of the General Elections and the President should take over the Administration to ensure equal opportunities for all political parties. The Council is further of the opinion that a Demand Day should be observed throughout the country.

Moved from the Chair.
