Central Office Circular No. 83

Dear Friend,

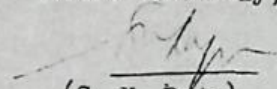

You must have read in the newspapers of the terrific havoc caused by cyclone in several parts of Orissa resulting in considerable loss of life and damage to property.

As fellow Indians it is our duty to rush to the help of the victims of Nature's fury. We as members of the Swatantra Party are even more duty bound to go to the help of the first Swatantra-led government which quite apart from inheriting a legacy of problems from the previous government has now to contend with the whims of Nature.

We are writing this to you with a special plea that your Unit should consider ways and means of collecting contributions in cash and kind which could be sent to our government in Orissa for use among the people in the affected areas.

Could you kindly give this matter top priority and also let us know in what manner you propose to respond to this plea.

Yours sincerely,

(S. V. Raju)
Executive Secretary
