

4083

6th June, 1966.

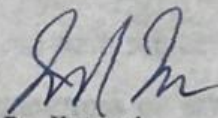

My dear Ranga,

On receiving from the Prime Minister a telegram inviting me to see her to discuss implications of devaluation, I have sent her a telegram in reply agreeing to go up for the purpose. If it is after our Bangalore meeting, we could perhaps see her together.

I have wired today to Rajaji requesting his suggestions. I would have sent you a telegram also but for the fact that as usual we have no idea of your whereabouts!

I hope this letter gets you and that the Prime Minister will not suggest a date this week.

Yours sincerely,

M. R. Masani
