My dear Masani

Jile

Your speech on the Plan with which you opened the debate on the first day has attracted all round appreciation. Myskulien has given it a well-deserved tremendous ovation.

I have been ill all these days. I feel terribly weak and down in the nerves, not inclined to put in any work. Don't tell Ranga who is likely to be scared.

I hope you are all well and brisk. The PM is just getting intolerable. The bity of it is that the various groups can't shed their separate images and combine to defeat the monster. The Companies have fed ~~the~~ him and he is now feeding himself. So a defeat is something which

could have shaken any government
in any democracy in the civilized world,
But our people are not affected by it
nor their idol worship. I saw a picture in the
papers showing PM + Jim. Min as happy as birds in the
morning. If the Govt defeat was not on the
merger issue (as the local Congress Chief
is arguing), then it is a disgraceful
blot for the Congress on its general
performance — which is worse.

Yours truly
Chakrapal Singh
