My dear Masani,

Thank you for your help to the Vahini.

Dahyabhaijee has written again pressing his proposal to postpone the month-end meetings. I am replying that we are sorry to have to go on with the scheduled meetings.

I think it is alright to invite Piloo, since, we have been following so far the convention of inviting the Chief of the Local Unit.

Why did you mention in the agenda, "about our attitude towards the new cabinet", for after all, being the principal opposition, our Parliamentary duty is clear and we ought not to give scope for kite-flying by the press etc. Whoever may be the ministers or the Prime Minister, we have to go on offering uncompromising, yet constructive, criticism to the policies, programmes and activities of the Congress Governments.

I need your wise re my signature
on the letter to the President. But I
had already posted that paper by registered post.

Yours affectionately,

I am leaving tomorrow for my
constituency - Chittoor & Palmaner
expect to return by the 24th inst.
