~~Refused~~

Your letter about a Bihar member dated June 12 reached me just now. I hope this brings a post card with speed faster to your hands.

I advise your issuing a notice to the member and simultaneously informing the President of the State that not having received any communication about the State Executive Committee's decision though a month and half has elapsed, you have issued a notice of the meeting of the same in the usual course of the suspended member.

Yours truly

C. Rajamahalakshmi
