The Hindustan Times gives the history of Swatantra reactions & views and makes up for the lapse of other papers, but it omits important paragraphs of the main body of the resolution. We must be thankful for small mercies!

Don't you think you should formally send our full copy of the Resolution on Kashmir with a covering letter to the President of India ^{as well as to} the P.M. I think we should do this. The Resolution has been sent to Abdullah from here. I am keeping well

Yours affly
