My dear Masani

No. 43 of your Newsletter is a fine number. I hope you will send a copy of it to Abdullah. He will have time to read. Others may not care to go through what they do not like. You have extracted very good passages from my articles in Surge and rightly included extracts from PK Desai's & Neerishi's statements. I believe it is the first explicit demonstration of the beauty of principle no 2!

your party!

Yours truly

Please tell Mr. Noorain
that I liked his latest
article in Opinion and
I am republishing parts
of it in Surge.
