My dear Rajaji,

Your letter of May 18 with the accompaniment
co hand.

I am well on my way to recovery, but it will
take a month before appropriate glasses will be given
to me to enable me to read or write.

I have noted the resolutions passed by the
Parliamentary Board. It clarifies the views which
were attributed to you and Masani on the question.
In general terms it is good though I do not share
the views that the Congress and the Prime Minister
are mainly responsible for misunderstandings in
Indo-Pak relations.

With affectionate regards,

Yours very sincerely,
