My dear Masani,

Our letters take more time to reach at either end than the rush of events permits. Thank you for your letter of April 30 and the most important enclosure it carried. Sri Gopalaswami Iyengar's statement so completely confirms what I always felt about this "accession". I am so glad you sent it. I did not know of the existence of such conclusive and strong evidence.

Yours sincerely,

C. Rajagopalachari
