Shriman N. Dandekar,
General Secretary
Swatantra Party, Central Office,
143, Mahatma Gandhi Road,
Fort, Bombay-1.

Respected Sir,

With due respect and profound honour I request your kind honour to give me and some of my friends and workers of the Party advise and proper direction on the present "Trouble Air" of our Party in Gujarat for the attitude of our Beloved Leader "Bhaikaka" and other creating new party "Khadut Mandal" (Sangh). We and people (voters) of Gujarat are all puzzled. How to work? People are asking the workers what is party future in Gujarat? Really, just now is in danger? Is it so?

I have worked for Party in Sabarkantha District with Noble Hearted H.H. Maharaj Daljitsinhji and attended and organised 1400 (fourteen hundred) meetings in the years 1965-66-67 for three years. The result is open to all. For Party. I am just now working in Rajpipla area (Dist. Broach) and do my farming work for my needs and family. Sadly with broken heart without work and job.

I, and my Party friends hear and notice the bad impression of our Best Leader. The people stop to be the members of the Swatantra Party at all.

Now what we should do? Should we resign and join other political party and do public work or do we sit idle join hands and pray almighty to give reasonable thinking to leaders to work for party and public, as Shri Bhaikaka and Natwarsingh come on right way and work for party by soldier to soldier just as in past they were working up to years 1968 for the last 10 years.

We have full trust in wisdom of our All India Leader to do the needful at the earliest so the voter restore to right thinking and love for leader and loyalty for Party principle.

Now there is nothing like party office working in any taluka of Broach district too. Our District Party President Mr. Narendra Pandya is helpless without Car-Cash. So the workers also in hardship.

No doubt he is sincere hardworking and really loyal to the party. Other workers, his friends are also ready to work for the party. All suffering money shortage. They have faith and loyalty to the party and principle with taluka and district office they cannot approach voters.

Hand bills, leaflets, posters, party literature no propaganda work done. All are idle and inactive resulting in Panchayat election due to no proper held and in direction.

Your honour will be kind enough to invite sound suggestion from interesting party workers, to solve the deadlock of the high level Gujarat Swatantra Party workers, and abolish ill feeling among the worthy Bhaikaka and Natwarsinhji Solanki. Both are Pillars, main architects of the Party. Otherwise workers

The Congress workers here at work now. Anti-propaganda going on.
