My dear Mr Masani,

Hardly I have

been able to compose myself to the shock. On receiving the news of your adventure I felt that the earth under my feet receding - you have done most wonderful thing if we think rationally, but looking to the circumstances and the knaves like H.M. around you should not remain absent from N.E. meeting. I have written to Rajaji Rampaji and Daudkar. I am enclosing the copies for your information, I feel I have done a right thing.

Now for your programme here I just learnt about the change in date now the N.E. is meeting on 13th and 14th. What brings you here during those days are you not attending - you may not but

brief others like Prof Ratnaswami
and others I may also write
to them. Madhu Metta has also
asked Mr. Dandekar for an
Emergency meeting of General Council.

You may be pleased to hear
that Mr. Dhamei the President
Upleta Taluka Panchayat has come
personally to my place and has
invited you to his place for lunch
Of course lunch we have at Dhoraji
but we must go to Upleta. This is
with purpose. He will call a few friends

At Dhoraji also Mr. Sopediwalla
who helped Congress now wants
to invite you at his place during
this visit. He had come last evening
and is very keen on this. I feel
we are slowly winning the ground.
do not discuss this too with
anyone. I shall be going with you
on 13th and 14th both.

I shall be obliged if you
would kindly have your lunch at
my place on 13th. my mother invites you
she is very sick
with kind regards Yours sincerely

Respected ~~Panditji~~

The resignation of our dear Pujya BhaiKaKa, H.H. Maharaja Saheb of Baria and Mr. Masani gave a shock to most of U/s. I am afraid we cannot take it easy. It's a caution siren, I am sure my Swatantra friends & you would agree with Mr. Masani's say "Conscience of our party is dying" after the recent debacle at the Gujarat elections.

We the members of the General Council, who sent our founder leader Mr. Masani to the National Executive, have a right to request you to instruct General Secretary to call for an emergency meeting of the council at a place where it would be convenient for our respected Pujya Pajaji, Pujya Munshiji to attend. Unless such a meeting is called for on the issues discussed at length Mr. Masani's resignation cannot be accepted. National Executive should not take long decision.

At this meeting our leaders should command Us in to a well disciplined army working for the Swatantra Party obeying the party high command. It does not befit our members to behave as undisciplined mass of people joined together to seek opportunities, that suit our selfish end and satisfy our political ego.

Well I hope to get co-operation from you.

With best regards.

Yours Sincerely,

Kusum

Pujya Rajaji,

PPANAMS

The news about the resignations tendered by Mr. Masani, Maharaja Jaiideepsinghji and Pujya BhaiKaka is shocking.

Of late many unfortunate events happened in Gujarat and it is with stress and emphasis, I say that the recent stampede at Gujarat will dynamite the party. Did Pujya Munshiji, Prof. Pangaji, Mr. Masani and your goodself from the party to see it destroyed at the hands of an indisciplined mass of opportunists?

I would be permitted to ask our pater familia whether we can afford the luxury of losing salver Mr. Masani who has rendered his unparalleled services not only as the BEST parliamentarian, but also as an economist of the international fame, this towering personality is the strongest pillar of the party, who has attracted people to join our Swatantra party at this stage in order to save our party. Now being degnaminated you should come to the rescue of the party and command one and all of our members into a well deciplined army groomed to behave and act with obedience of the party high command.

I may further request you to use good offices in requesting Pujya BhaiKaka & Baria to withdraw the resignations. Pujya Rajaji, you may command Mr. Masani to withdraw his resignation and save us from the catastrophe.

With profound respects.

Yours sincerely,

Kusum
