My dear Masani,

I have been keeping indifferent health hence I have not been active in the party work since some time. The best medical advice is that I should not travel as there is some heart trouble. Even then I have been keeping in touch of the political development

I was very much grieved to read that you had submitted resignation to the National executive and to other bodies of the Sw Party. Probably it is due to developments in Gujarat,

You have been the founder member of the Party and at great sacrifice you have built the Party organisation which is making itself felt in the affairs of the Country. Dissensions are common in the Political parties in the Country, even then we have to do our duty. More than that Rev. Rajaji who agrees with you in all matters who sacrificed his fame and name at the altar of our party should not be disappointed. The Congress is crumbling and much is due to your effort. The Party will be poor if your services are not available. For the sake of the Principles of the party I request you to kindly withdraw your resignation. The Party is bound to make a great stride in the next General elections. As the governing party is deteriorating. At this hour your lead is essential. Hope you will oblige.

With regards,

Yours sincerely,

K.B.Jinaraja Hegde
