My dear Minoo,

I was very much concerned to read in papers that you have tendered your resignation as a member of the Central Executive and of the Parliamentary Board of our Party. While fully appreciating the reasons which have impelled you to tender your resignation, I would urge you to reconsider your decision and to continue to give the benefit of your mature guidance to our Party. It is true that a number of self-seeking persons, who have scant regard for the principles of our Party, have found their way into its fold. There is all the more reason, therefore, that people like you should continue to hold responsible positions in the Party and cleanse it of undesirable elements.

With kind regards and best wishes,

Yours sincerely,

Phiroze
