Dear Sir,

It was stupefying to read in newspapers that on account of certain happenings in Gujrat, you thought it fit to resign from our National Executive and Central Parliamentary Board.

Though your action to atone for the sins of indiscipline in our ranks is quite laudable, I personally feel that you should have taken our Bombay Regional Council into confidence at your earliest.

Sir, you are our accredited representative on the above two All India bodies and I am sure (my other colleagues too will concur with me) that we feel completely bewildered by this stunning situation.

May I, therefore, request you to kindly take us into confidence at our next Regional Council Meeting to be held during the last week of next month?

With respects,

Sincerely yours,

*Prabhakar S. Koppiker*
