The Indian Express Reporter in Bangalore is a first class reporter and you made a first class speech in Bangalore. It was good we met in Madras last week. I hope you are back in Bombay in good form for the tedious and thankless task at 143 Gandhi Rd.

Everybody here was delighted with the Palkale Hall meeting on Saturday.

What a tactless gesture our Government is making at the most inappropriate moment - Sending to Russia for weapons against China - When Khrushchev is fighting his

with China - Ordinary intelligence
should tell anyone, this is not the time
for seeking to make Khrushchev's problem
and task harder. However the mission
will return with a rebuff and
perhaps it would be good in another
sense.

Yours affectionately
C. Raymond Palache
