Many thanks for your letter dated 3rd inst. received today. Your luck and pluck as I wrote you played a very great part from the day you filled up your nomination form. Certainly, we have to face very heavy odds and we had to pay very heavy price also. Thank God, we have deserved the success. Even Congress people also admit that Rajkot as a greater blow than Amroha or Farukabad.

They had never expected that their hold on rural area will be challenged by the Swatantra Party. We have succeeded there and if we may organise offices from now, we may give them crushing defeat at least in Rajkot area.

With kind regards.

Yours sincerely,

(B.D. Patel)
