My dear Masani,

The best news I have had these few days is your story about the Gujarat cases and Purshottam Trikamdas's optimism about the appeal. *Munshi was apprehensive about finding money for security for tests.*

I note your programme. It is somewhat on the lines of comets and other fast heavenly bodies!

My plan is to go to Trichinopoly by an all night train on 20th night and likewise return to Madras by an all night train on 21st.

I calculate we shall have some time together on 20th and 21st at Madras and Trichy respectively to bemoan the Bihar situation and the great betrayal of Bombay financiers.

Yours sincerely,

C Rajagopalachari
