17th October, 1975.

My dear Daru,

Many thanks for your letter of 14th October '75 and the text of the resolutions. I am delighted to know that you had a very successful public meeting that evening. I am no good at mass meetings at any event.

I think you should preface a set of resolutions by a sheet giving the essential facts about the Conference i.e. the sponsors, who presided and inaugurated and the names of the movers and seconders of the resolutions, the attendance, etc., so that it is a complete story. This should be sent around to large numbers of people. If you send me a dozen copies of such a compilation, I shall know what use to make of them. May I congratulate you on organizing a very successful Conference?

With best wishes,

Yours sincerely,

(Minoo Masani)
