My dear Masani,

When the National Executive of the Party met in Madras on May 31, I reported to it our correspondence arising out of your resignation from the National Executive and Central Parliamentary Board. The Executive noted your decision not to withdraw your resignation and accepted it with great regret.

The National Executive welcomed with satisfaction the assurance given by you that despite your resignation from these bodies, you would continue to work for the Party in Parliament and outside.

Yours sincerely,

L.B.
