The Executive Committee of the Swatantra Party, Orissa Unit feel greatly distressed about the resignation of Mr. Masani from various offices of the Party and would request the National Executive to take steps for withdrawal of his resignation. His services and contribution to the Party are most indispensable. He will not be doing justice to all the Units of the Party by pressing his resignation. It is also desirable that the Gujrat Unit should realise this and make proper amends to mitigate his feelings of injury. The National Executive is also requested to take appropriate action to achieve discipline in the Party. It authorises the President to express the feelings of the State Executive in the matter before the National Executive.
