Pujya Rajaji,

PRANAMS

The news about the resignations tendered by Mr. Masani, Maharaja Jaideepsinghji and Pujya BhaiKaKa is shocking.

Of late many unfortunate events happened in Gujarat and it is with stress and emphasis, I say that the recent stampede at Gujarat will dynamite the party. Did Pujya Munshiji, Prof. Rangaji, Mr. Masani and your goodself from the party to see it destroyed at the hands of an indisciplined mass of opportunists?

I would be permitted to ask our pater familia whether we can afford the luxury of losing salvert Mr. Masani who has rendered his unparalleled services not only as the BEST parliamentarian, but also as an economist of the international fame, this towering personality is the strongest pillar of the party, who has attracted people to join our Swatantra party; at this stage in order to save our party, ~~from~~ being dynamited you should come to the rescue of the party and command one and all of our members into a well disciplined army grooned to behave and act with obedience of the party high command.

I may further request you to use good offices in requesting Pujya BhaiKaKa & Baria to withdraw the resignations. Pujya Rajaji you may command Mr. Masani to withdraw his resignation and save us ~~from~~ ~~the~~ from the catastrophe.

With profound respects,

Yours sincerely,

Kusum

Agreement with the withdrawal of the letter.
