Dear Sri Masani,

I read your article on 'Satantra Party' which recently came out in 'Life'. I also came across in a local daily about the opening of an office of the Satantra Party for the state of West Bengal. In the Press announcement it was stated that there would be a convention of the Party in Calcutta and that was in October last, but it did not take place and we have heard nothing further about it so far W.B. is concerned.

I would very much like to meet you and to know from you more about the Party and also the line of action in W.B. I ~~am~~ wondering whether you are likely to come to Calcutta in near future so that I may meet you here and if not where.

Yours sincerely,

B.K. Sen
