My Dear Mr. M.R. Masani,

I am in receipt of your kind letter of the 7th and 9th instant respectively and thank you for the same.

You have kindly drawn my attention to our Resolutions and have also given valuable suggestions. The thought of holding a Convention on the 14th December arose as a wrong information was given to us about the 14th Dec. being Rajajee's birth day. But now that question does not arise. Our State Working Committee is going to meet on the 22nd Nov. and I hope they will consider some later date for the State Convention. I also appreciate your idea of starting with the Hazaribagh District Convention and believe the Hazaribagh Committee will act upto it. I have already extended an invitation for holding the National Convention at Patna and I am so glad to note that you will support us in the matter.

With our kind regards,

Yours sincerely,

Lamakhya Narain
