I will be obliged in case you give us
one or Two Saturday's on which you can conve-

for some programme.

I am planning my visit to Bombay for

you, if you would be available on those days
at Bombay.

With best of success for the party.

The KHEDUT OFFICE with its thirty four years of work among the village peasant folks and the middle classes, KNOWING their minds, ways and motive springs for opinion and judgement have considered the great need of a regular leaflet service, (free like the U.S.A.S. (American) and British Information Service, ~~first~~ among a high-influence making class and secondly among the MASS.

This is necessary for acquainting and informing the masses against communism Nehruism, socialism and congressite - non-violent fascism. The first will be single foolscap paper sheet printed in CHOSEN TYPE and 2,000 copies distributed selectively as under:-

- (1) Members of Parliament.
- (2) Delhi Press Representative. (Indian and Foreign).
- (3) PRESS gallery.
- (4) All India dailies and weeklies.
- (5) Secretaries of Government.
- (6) Members of the Committees, of all chambers.

This must have a drummer of "NEHRU MUST GO -" campaign, of ceaseless direct questioning, criticising, mocking and challenging - Nehru's false proved policies for security and economy.

My conscience tells me that I should challenge him about his "understanding" with "Kruschev" and "Chau-en-lai", in pursuit of which he despotically led the dumb congressites since Madurai to Nagpur. All this must be exposed. I wish God gives me help and wide support to CHALLENGE this round on people as a DUTY.
