PATIALA 30th Oct. 1950.

My dear Shri Masani ji,

Jai Hind.

The Punjab State Swatantra Party Convention was held at Patiala on the 25th of October as scheduled. It was a brilliant success which fulfilled all our hopes both as regards to the quantity and quality of the invitees. More than eight thousand delegates from all districts of Punjab attended the Convention. Strong delegations from Himachal Pradesh, Delhi, Rajasthan and U.P. participated in the deliberations. This was all to the surprise of Congress and Communists who are working hand and glove to oppose us. But their joint opposition to our Party and programme spurs us to more work and organised efforts. We have taken a strong start from the Patiala Convention and hope to forge ahead with speed and vigour in knitting the State together in support of our Party. The first round of district Conventions was almost over with the State Convention. We are now initiating an organised campaign for holding public conferences to reach and contact the masses directly and more effectively.

We read your in-augural address at Bangalore Convention held on the 25th October. It was highly appreciated here for its clarity and precision.

I hope to meet you during the Parliamentary Session at Delhi. Any service ?

With kindest regards.

Yours sincerely,

Beant Singh

(Beant Singh).
