Dear Mr. Masani,

I was very pleased, indeed, to hear from Mr. Sam Segal about the creation of the Liberal Party in India. The idea of liberalism expanding on the Asian continent is for me, as the Chairman of the Progressive Party in Israel, a matter of great importance.

I do believe, that the people in the world after going through the very-right regime and the extremely-left government, which were not able to solve their problems, will in the next future, choose the basis, which both our parties are standing by.

I wish you, Mr. Masani and the Chairman of the Swatantra Party Mr. N. G. Ranga fruitful work and a good start in achieving your aims.

I am certain - as you are - that the relation between our two parties should be close and direct.

I will be grateful to you, Mr. Masani, if you will kindly pay my respects to Mr. Ranga.

With every good wish,
Faithfully yours,
