

This is the important question and should not be treated lightly. So many Government servants are ~~xxxx~~ under the heavy weight of such restrictions in the free India.

I hope I shall receive a line of reply in this connection.

Thanking you.

Yours faithfully,
(P.V. Pamnani).

Sir,

During last month I attended the Swatantra party's meeting convened in the Sunder Bai Hall where Rajaji and Prof Ranga and also Shri Mody spoke. I was convinced with the fundamentals of the party. Although I am interested in the party and also desire to work and be the active member of the party, but unfortunately the shackles of the Government service are holding me tight. It is the case with so many others. It would be therefore good in the interest of the party as well as the interested persons if the Government of India is moved to give the freedom to the Government servants to be the members of the above party without being detrimental to their office hours. I fear being Govt servant I am making this desire which may perhaps not be fulfilled in the present ~~days~~ days. I am confident if the Govt is moved vigorously, the ban may be removed.
