Dear Mr. Masani,

Thank you for your letter of
22nd instant. Accordingly I am
contacting Mr. Mahambhai Joshi.

In the meanwhile will you
also not support the cause in
your individual capacity please?

One of the excuses given here
by a Big Congress Office bearer is

"Bambhites do not take any

initiative" The average person is
very bitter here, but keeps on saying

"What can I do alone? Everything
is over etc." And because of the

discipline of the Congress, the
average Congressman cannot

open his mouth. And the P.S.P & the Communists have long since pawned Bombay City for sake of Akha Gajrali.

Under the circumstances will it be too much for me to expect from you a few speeches giving a direct lead to the nation to form multistates for one & the same language and thus put an end to the linguistic frenzy and also asking every individual irrespective of the party alignment to give their free opinion in the matter. I hope this will have a positive and corrective effect on the leadership of today.

With regards.

Yours sincerely,
J. R. Marjar
