My dear Misses,

Heartiest congratulations!

The Swastika Party is the best
news we have had since achieving
independence. I can scarcely wait
to get back to Bombay and join
your ranks. I am purposely cutting
short my mission here by a month
so that I hope to be in India
by the first week in November.

Is there anything

useful I can do to help?

Do hope you will be in Bombay
in November. Mother will also
be with me. She is almost

as enthusiastic about it as I
am.

I feel that the Swabendra
Party has opened a large window
in Indian Politics and let in some
good fresh air. Let us hope it
will cleanse the dark settle of the
Congress fog and Communist smog.
What has been the
reaction of the middle and
lower-middle strata?

Anyway, the very fact
of such 'success' for -
