My dear Kunte,

My congratulations on the action that the National Executive of the B.K.D. has taken in dissolving its West Bengal unit and deciding on its reorganisation under Central control. This step deserves recognition both because it is an assertion of discipline and also because it is a blow struck against totalitarian infiltration into ~~our~~ democratic life in Bengal.

My appreciation of your action has been heightened by the unfortunate failure of my own Party to take a similar step which I had advised in the case of one of our State units which had also misbehaved.

When you are next in Bombay, do let us meet and have a chat.

Yours sincerely,

(M. R. MASANI)
