General Secretary's Letter No. 253

December 17, 1970

Dear Friend,

I shall be presenting the General Secretary's Report to the National Convention in Bombay on January 30 and 31. As usual, it will deal at length with the state of our Party organisation. For this, I would like to have with me first hand reports of the organisational position in the States. Will you kindly therefore on receipt of this letter, prepare such a report of your Unit's activities since the last national convention in Bhubaneswar in October 1968 upto November 30, 1970 and let us have it on or before Friday, January 8, 1971. Specifically, your report should among other things contain the following :-

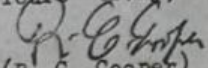

I Organisation -

- (a) Number of renewals of workers' subscription,
- (b) Fresh enrolment of workers
- (c) Total number of Workers/Life Workers on the rolls.
- (d) Total number of primary unit areas and number in which we have units functioning
- (e) Total number of Districts and the number of districts where we have district committees.
- (f) Number of meetings of State Council and State Executive held.
- (g) Details of activities undertaken by the Party.

II Legislative :

- (a) Number of legislators elected to the Assembly and Parliament from your State in the last General Elections.
- (b) Number today (in case of depletion in strength; please mention whether this has been caused by defections, deaths or nullification of elections by Tribunals)
- (c) Number of by-elections contested
 - (i) number won
 - (ii) number lost
- (d) A brief report of the work done by our party's group in your State legislature. May I repeat that your report should be in our hands not later than Friday, January 8.

Yours truly,

(R. C. Cooper)
General Secretary
