My dear Minoo,

I was very disheartened indeed that you were not returned to the Lok Sabha. It is all the more a tragedy since the opposition has now been reduced to such ineffective proportions.

Nevertheless in a democracy every intelligent citizen can play an effective role even from outside and this is what I believe we can and must do. I for one am trying to galvanise my friends and associates to get into an effective dialogue with their respective M.P.s with a view to maintain constant pressure on them to redeem their pledge to their constituents.

With kind regards,

Yours sincerely,

Minoo
